Dear Club Leaders,

I am writing to you on behalf of the FFI Board of Directors with an update on the tremendous progress made in our outreach using technology. Moreover, we seek your support in making the most of our technology as we prepare to rebuild.

Leaders and clubs make up the global fabric of our organization. You strengthen this with every journey and local event you hold, harnessing the power of friendship and building a greater understanding of the world around us. As a result of your leadership and club activities, we are better communities and better fellow humans to one another

For this year's club charter renewal, your help is needed in two important ways:

1. Please identify all your club officers (President, Vice President, Treasurer, Secretary, etc.) in my.friendshipforce.org. This is in lieu of submitting a separate form to FFI with this information as we typically do. The officers are updated by clicking on their names in the Membership List of your Club on my.friendshipforce.org and then choosing their club role from the drop-down menu. After selecting the club role for this person, click on the ADD button. Finally, click on the Save Changes button.
2. Print and complete this [self-evaluation check-list](#), ensuring that your club is fully engaged with my.friendshipforce.org and aware of all the changes taking place on this secure online member platform.

You are strongly encouraged to update your club membership list in my.friendshipforce.org when you [pay your FFI Membership Dues](#). The amount submitted should match the number of members registered for your club. In future years this will be a requirement.

As always, my staff and I can help you with any questions. We are also available for online meetings with you, your club board, or your club if you like.

I look forward to the year ahead and getting back out into the world with you.

In friendship,

A handwritten signature in black ink that reads "Jeremi Snook". The signature is written in a cursive style with a large, looped initial 'J'.

Jeremi A. Snook, CEO & President
